All fiber plans include unlimited data usage.

Pricing is for fiber only.

Higher speed data plans for businesses are available.

Contact our tech support team to learn which router is best for your needs.

Faster speeds may require upgrading your wireless router.

Contact our tech support team to learn which router is best for your needs.

Standard one-time installation fee of \$50 with a 6 month contract. Additional contract terms apply.

*These prices do not include voice service, which is available on a standalone basis (see pricing on reverse of this flyer), or at a bundled discount. Please contact customer service to learn more about the best service for your needs.

**Internal network overhead and device capabilities will impact how much speed you see inside your home. Cobalt TV® subscribers should note that their IPTV streaming will be included in the Whole Home Gig provided in the ULTIMATE data plan.
